CoDA Needs Your Financial Support!

To ensure the continuation of CoDA and its services, it is important that each meeting treat its financial contributions to the New England Intergroup Service Office (NEISO) and CoDA Inc. Fellowship Services (CoDA FS) as a high priority. The recommendation is that after paying for rent and literature, it is suggested that excess funds over and above a 2-3 month prudent reserve be distributed to NEISO and CoDA FS with NEISO getting 70% and CoDA FS getting 30%. The primary purpose of both the NEISO and CoDA FS is the work of the 12th Step, that is, they are focused on sharing CoDA information with other codependents.

Here's what the New England Intergroup Service Office does for you with your money:

- Provides a local contact for getting out the message to others who are interested.
- Assists with the starting up of new meetings.
- Maintains the New England area meeting list.
- Communicates to groups via the "Website (www.necoda.org) and the "Insight" newsletter.
- Funds state delegates to "CoDA Service Conference".
- Host New England CoDA Conventions, Campfire Connection, Spring & Fall Assembly, etc.

Less than 50% of meetings contribute to the New England Intergroup Service Office and CoDA FS. Both offices received less than in earlier years. New England Intergroup Service Office and CoDA FS are there to serve us, but they can't do it without our financial support.

If you are interested in more details about New England Intergroup Services contact your state delegate or the New England Intergroup Service Office (intergroup@necoda.org).

Contribution checks for each office should be sent to:
